

9 May 1968

NOTE FOR: Mr. Coffey

In reply to your inquiry as to where we stand on space for off-campus testing, I am advised by Messrs.

The Office of Personnel requested testing

GSA responded with suggested space and the names of GSA personnel to be contacted in each of the cities.

The Office of Personnel advised the recruiters in these areas to make contact with the GSA personnel and take a look at the suggested space. A deadline for this look-see was established as 15 May.

Space in two cities been checked out and the recruiters have reported to the Office of Personnel that it is satisfactory.
